County Clerk

Mr. George M. Nix III
Pace Marketing/ Power Up lubricants
1137 N Meridian
Oklahoma City, Oklahoma 73107

Dear George:

We have been using a mixture of 90W gear oil + STP to keep the bearings on our mowers from overheating and going out. After seeing how Thixogrease performed on the Timken Bearing Machine, we decided to give it a try. These are the results we saw after a summer's use:

1. **No Bearing Failures**
2. **Bearings Ran Cool**
3. **No Downtime**
4. **Easier to Use than Gear Oil + STP**

Based on these results we saw last summer, we will be using more Thixogrease for our "toughest" greasing applications.

Sincerely,

William Hickson
County Commissioner District 3
